

New this year! An additional way to earn funds from Kroger!

The Clements Band and Color Guard Booster Club has registered for the Kroger Neighbor to Neighbor Program which will allow us to earn more money from Kroger. To be successful with this program, it is extremely important that as many families as possible link their Kroger Plus Cards to the band barcode below. Linking your Kroger card must be done once every year, but it's easy! Just follow the steps below to support Clements Band and Guard for 2011-2012!

1. The next time you are at Kroger, just hand the Clements barcode (below) to the Kroger cashier before you check out and ask her to link it to your Kroger Plus Card.
2. All your Kroger purchases made between July 1, 2011 and April 30, 2012 will benefit the band.
3. The Booster Club earns a percentage of the \$1 million Kroger donates to the program equal to the percentage of total earned contributions attributable to the band. What this means is, the more families that participate, the greater our share of earnings! Please encourage friends, neighbors, and other family members to link CHS Band and Guard to their Kroger cards! The top earner in this program last year received a check for \$24,453.85, so please spread the word! For more information, go to www.krogerneighbortoneighbor.com.
4. You can tell if your Kroger Card is linked to the band if the bottom of your Kroger receipts say "Your card is contributing to Neighbor to Neighbor #90240. If you have any questions about the program, please contact Melinda Henry at melindahenry@comcast.net,

***Important** - Please continue to reload your Kroger gift cards to earn money for the band - this is a separate program from the Kroger Neighbor to Neighbor program. Thanks!

CLEMENTS H.S. BAND AND COLOR GUARD BOSSTER
