

Uniform Washing Instructions

PLEASE READ CAREFULLY!

First Step:

- REMOVE HIP CAPES FROM JACKET. Do not wash hip capes. Do not wash gauntlets.

Stains:

- If a stain does occur, sponge with water or treat with an appropriate product before it has time to set and before laundering. You may use **“Spray and Wash”** and other non-chlorine stain removers when washing. Use only non-chlorine detergent! Many detergents are harsh and have a bleaching ingredient that will cause even colorfast fabric to migrate.

Washing Jackets and Bib Pants:

- Avoid washing bib pants and jackets together!
- **Never** wash in **hot** water! Please wash on gentle or cool.
- Machine wash on the **gentle / permanent press cycle**, but do not overload machines.
- Use only non-chlorine household laundry detergent.
- **Do not use liquid fabric softener on band uniforms!**

Drying:

- At cycle completion place garments in dryer, and **dry on cool/permanent press setting**.
- A softener sheet may be used in the dryer, however, use only one (1) sheet per dry load.
- Caution: **Do NOT use a hot dryer setting!** A hot dryer setting will remove the press. When dried on a cool or permanent press setting, uniforms will require very little touch up.
- Remove garments from the dryer and place on a hanger **immediately**.

Ironing:

- Jackets and pants are made of completely washable polyester-gabardine material. Please use a **low heat** to iron any wrinkles if necessary.
